BROKERAGE EVENT 30-31 OCTOBER 2019

Digital Innovation Hubs in Healthcare Robotics

During the Brokerage Event you can expect various workshops, lectures and face-to-face meetings to stimulate cross-border matchmaking between companies, end users and 17 European digital innovation hubs.

We will inform about the calls, services and open infrastructures (living labs, test beds etc) that are available within the DIH-HERO community.

Don't miss this and subscribe.

This project has received funding from the European Union's Horizon 2020 research and innovation program under grant agreement No 825003.
